

Working Group 3.32 “Properties of Liquids“

Type examinations of oscillation-type densimeters

The oscillation-type densimeters for liquids need a conformity assessment for national verification.

Inquiries for a type examination can be made to:

**Physikalisch-Technische Bundesanstalt
Working Group 3.32 “Properties of Liquids“
Postfach 33 45
38023 Braunschweig
Germany**

Phone: +49 531 592-3141 (Dr. Jürgen Rauch)

Fax: +49 531 592-693320

E-Mail: kundeninfo332@PTB.DE

The costs are charged according to the Regulations governing charges for approvals granted by PTB (<http://www.ptb.de/cms/en/ptb/fachabteilungen/abt/z14/information-on-ptb-fees.html>) and calculated in respect to the work done being necessary for the approval tests, the compilation of approval documents and the documentation of the approval.
