

M4Dconf 2022

IMEKO TC 6 – First International Conference on
Metrology and Digital Transformation

19. – 21. September 2022

Berlin, Germany

CALL for PAPERS

The IMEKO M4Dconf 2022 committee announces an open call for papers on original work within the technical scope of the event. Interested participants are very welcome to submit 4-page extended abstracts presenting the outcomes of their research and development, overarching high-level developments and further relevant activities. Submissions are welcome from individual work, project teams and organizations.

Each extended abstract should be aligned to a general or special session topic and will be peer-reviewed. Accepted submissions will be invited to present at the conference and to provide a 4-page paper.

IMPORTANT DATES

- › Special Session Proposal Deadline:
31 January 2022
- › Extended Abstract Submission Deadline:
15 March 2022
- › Acceptance Notification for Extended
Abstracts: 31 May 2022
- › Final Paper Submission Deadline:
31 July 2022
