

## 6.2 List of laws, ordinances and directives

The following list comprises laws, ordinances and directives by which tasks are assigned to PTB or in which the subject-specific way in which the tasks are carried out is described. Regulations from general procedure acts are not considered.

Texts of laws and ordinances are published in the **Federal Law Gazette**. Consolidated versions of the instructions of the federal law are available via the **basis service of juris**.

Information about current versions of the laws, ordinances and directives can be obtained from the **Legal Matters Office** in Division Z.
